

This unique product, the result of the latest development in concentrate technology, is designed to be easily blended into a concentrated multi-surface cleaner. No special equipment, complicated multi-ingredient additions or extensive mixing times required! This product can be diluted with water into a powerful concentrate that can be further diluted to provide maximum performance at optimum economy. Its potent formula handles most cleaning chores quickly and easily. This gentle cleaner is ideal for damp mopping floors – it picks up dirt and grime without harming natural wax or synthetic polymer floor finishes. Its mild action is gentle to all washable surfaces yet strong enough to remove tough dirt and other soils. It dries instantly and never leaves a dulling film.

DIRECTIONS:

TO FORMULATE NEUTRAL CONCENTRATED CLEANER: Dilute 5 gallons (19 liters) of this concentrate with 50 gallons (189 liters) of softened water to make 55 gallons (208 liters) of ULTRA NEUTRAL CLEANER CONCENTRATE. Blend well and package immediately.
