

DESCRIPTION

FRESH CLEAN is a premium hand cleaner developed to provide excellent cleaning power but to remain gentle on hands and skin. Micro scrubbers make short work of ground in dirt to leave hands cleaner than ever thought possible. The smooth surfaces of the micro scrubbers won't cause dermatitis by scratching or cutting through layers of skin. A specially selected blend of ingredients work to soften the skin and provide a "velvety" feeling. Designed to work with or without water, FRESH CLEAN can handle tough dirt, grease and oil where others cannot.

DIRECTIONS

Squeeze a generous amount of FRESH CLEAN into palm, and rub into soiled skin. Be sure to thoroughly clean around cuticles, fingernails, and knuckles. Wipe hands clean and dry with cloth or paper towel, or rinse with water.
