

PROTECTANT WIPES are the fast and easy way to clean and protect all surfaces of your vehicle. Premoistened with an advanced water-based silicone formula, PROTECTANT WIPES condition and protect leather, vinyl, plastic and rubber surfaces, both inside and outside the vehicle, while they clean and restore the surface's original shine.

PROTECTANT WIPES keep dashboards from drying, cracking and fading under the intense rays of the sun. They also clean and restore the "showroom shine" to parts: side moldings, rubber bumpers, cup holders, door and window seals and even plastic hub caps. Best of all, PROTECTANT WIPES have a special added anti-static ingredient that repels dust and keeps surfaces looking new long after they've been cleaned.
