

Powerful detergents combined with optical brighteners and borax stain removers gives this laundry detergent the extra strength to clean even the toughest grease and soil. It gives clothes "like new" brightness with the softness expected from a quality detergent.

Special water softening ingredients assure the best performance in hard water conditions. Contains all biodegradable surfactants and less than 6.0% phosphorus.

DIRECTIONS

For top loading washers, use 3/4 of a cup of detergent per load. Front loading washers hold smaller loads and require less detergent.

For institutional washing machines, use 1 cup of detergent per 20 pounds of laundry. Extremely soiled garments may require a pre-soak treatment of larger amounts of detergent.

POWDERED LAUNDRY DETERGENT

LOW PHOSPHATE FORMULA
FOR AUTOMATIC WASHERS
