

This metal cleaner and polish cuts through heavy grease and tarnish to bring out the natural beauty of brass railings, copper and aluminum objects and fine pewterware. It restores a lustrous shine to most decorative metals and makes stainless steel appliances and sinks sparkling clean.

DIRECTIONS

Shake well before using. Apply to a clean cloth or sponge and spread on metal. Rub gently to remove heavy tarnish. Then polish the metal surface to a brilliant shine with a soft, dry cloth.

Do not use on sterling silver, antique or lacquer finished surfaces.

MULTI-METAL POLISH

CLEANS AND BRIGHTENS

- ★ BRASS
- ★ CHROME
- ★ ALUMINUM
