DESCRIPTION

A naturally green, inorganic compound that is a non-corrosive liquid, quickly penetrates to dissolve frost, snow and ice accumulations from a wide variety of surfaces. Its melting action does not generate any heat, and it will not cause damage to the surface or leave a residue. Is non-burning to surrounding grass areas. Can be used prior to or after ice and snow accumulation.

Use for ice and snow removal agent on highways, bridges, and other roadways. This product may also be used as a prewetting agent for granular deicers, where it acts to reduce the tendency of these products being swept off the road before deicing begins.

CAUTION

May irritate eyes and skin.

FIRST AID

IF SWALLOWED: Contact a physician or poison control center immediately. DO NOT induce vomiting.

IF IN EYES: Flush eyes with water for at least 15 minutes. If irritation is persistent, contact a physician.

IF ON SKIN: Wash skin with soap and water. Remove all contaminated clothing and launder separately before reuse. If irritation is persistent, contact a physician.

IF INHALED: Remove person to fresh air. If irritation is persistent, contact a physician.

See M.S.D.S. for complete safety information.

KEEP OUT OF REACH OF CHILDREN
