Do not allow graffiti, obscenities and other vandal marks to detract from the appearance of buildings, bridges and walls. This oil based silicone coating prevents vandal marks from adhering to brick, stone or painted surfaces. All marks and paints are easily removed with soap and water, without scrubbing.

DIRECTIONS

Use with adequate ventilation. Surface to be treated must be clean and free of grease and oil. Apply two light coats, allowing an hour drying time between coats. May be applied by brushing, spraying or wiping. Protect wall, floors, and vegetation from overspray and drips. May darken light colored stone and painted surfaces. Test for color compatibility on a small area before treating the entire surface.

CAUTION - COMBUSTIBLE

HARMFUL OR FATAL IF SWALLOWED.
KEEP AWAY FROM
HEAT OR OPEN FLAME.
USE WITH ADEQUATE VENTILATION.
Contains petroleum distillates. Avoid
prolonged contact with skin.

FIRST AID:

External - Wash with soap and water.
Eyes - Flush with plenty of cool water for at
least 15 minutes. If irritation persists, obtain
medical attention.
Internal - Call a physician immediately. DO
NOT induce vomiting.
